

ANKIT YADAV

B.Tech. – Computer Science & Engineering

Software Engineering undergraduate pursuing B.Tech in Computer Science with strong foundations in Data Structures, Algorithms, OOP, and DBMS. Full-stack developer with hands-on experience in building scalable web applications and RESTful APIs using JavaScript, Node.js, and MongoDB. Built live projects like Shiksharathi and an OCR-Based Land Record System. Passionate about problem-solving, backend engineering, and developing reliable high-performance systems.

EDUCATION

B.Tech. – Computer Science & Engineering

Pranveer Singh Institute of Technology, Kanpur

2023 – 2027 | 80.09 / 100

12th | CISCE

Mary Jesus Education Centre, Kanpur Nagar

2023 | 87.40 / 100

10th | CISCE

Mary Jesus Education Centre, Kanpur Nagar

2021 | 73 / 100

PERSONAL PROJECTS

Client Portfolio Website | Freelance

Apr 2026 | Team Size: 1 | himanshusinghparmar.info

- Designed & developed a professional client portfolio using HTML, CSS, JavaScript with fully responsive layout.
- Integrated AI-powered assistant for smart visitor interaction; optimized SEO and cross-device compatibility.

OCR-Based Land Record System

Mar 2026 – Apr 2026 | Team Size: 2 | research-kadh.onrender.com

- Built backend APIs, database integration, and document upload handling for digitizing land records.
- Implemented OCR workflow for automated text extraction and structured record storage at scale.

Shiksharathi – EdTech Platform

Jan 2026 – Feb 2026 | Team Size: 2 | shiksharathi.online

- Online learning platform for Class 9–12 (CBSE/ICSE/UP Board) with JWT auth, REST APIs, MongoDB.
- AI-powered personalization, protected routes, rate limiting; fully deployed on Hostinger.

School Website | Freelance

Nov 2025 – Jan 2026 | Team Size: 4 | mjeckanpur.in

- Developed official website for Mary Jesus Education Centre with responsive pages, forms, and deployment.
- Contributed to frontend modules, backend APIs, gallery, admissions, and announcements sections.

Vanamriti Portal | SIH Project

Oct 2025 | Team Size: 6 | vanamriti-portal.netlify.app

- Led complete frontend development for Smart India Hackathon land data digitalization problem.
- Built interactive dashboards with data visualization and WebGIS mapping for decision support.

CO-CURRICULAR ACTIVITIES

- Freelance website development for real clients and institutions.
- Participated in technical hackathons, coding events, and online competitions.
- Conducted career guidance and technology awareness sessions at Mary Jesus Education Centre.
- Organized and spoke at sessions on Computer Science, AI, and career opportunities for students.

PROFILES

- GitHub:** github.com/officialankit18
- LinkedIn:** linkedin.com/in/ankityadav-304a932a9
- LeetCode:** leetcode.com/u/_official_ankit/

SKILLS

HTML5	CSS3	JavaScript	C++
Python	Node.js	Express.js	MongoDB
MySQL	React.js	Git	OCR Integration
Full Stack Dev	DS & Algo	Problem Solving	Team Leader

ACHIEVEMENTS

Smart India Hackathon (SIH)

Qualified internal rounds twice by developing innovative problem-solving web solutions.

LeetCode – 185+ Problems Solved

Consistently sharpened Data Structures, Algorithms, and competitive problem-solving skills.

3 Live Websites Deployed on Google

mjeckanpur.in, shiksharathi.online, himanshusinghparmar.info deployed via Hostinger.

RESEARCH & PUBLICATIONS

OCR & Blockchain Framework for Land Records

Research Paper | Apr 2026 | Under Review for Publication

Co-authored a research paper on a tamper-proof system for secure digitization of land records using OCR and blockchain. Addresses manual record management challenges with a scalable digital solution.

TRAININGS & CERTIFICATIONS

Full Stack Web Development with AI

Internshala Trainings | Dec 2024 – Feb 2025

Completed comprehensive full-stack training: React, Node.js, MongoDB, REST APIs, AI integration.

Internship & Job Preparation

Internshala Trainings | Feb 2025 – Mar 2025

Resume building, interview skills, communication, and professional development training.

Google DevFest Kanpur 2025

GDG Kanpur, HBTU | Dec 2025

Attended technical sessions on web development and AI; gained industry insights and networking.
